TypeScript | Tailwind CSS |
Sass

Version Control / Tools

Vs Code | Git | GitHub | Vercel
Netlify | Npm

Soft Skills

Problem Solving | Teamwork |
Collaboration | Adaptability

EXPERIENCE

Freelancer Frontend Web Developer

Jan 2023 - Present

- **Enhanced User Experience:** Designed and implemented user-friendly interfaces to improve overall user engagement and satisfaction.
- **Responsive Design:** Built responsive landing pages ensuring compatibility and optimal performance across diverse devices and screen sizes.
- **Project Work:** Collaborated on various small-scale projects for local businesses, including:
 - **Website Updates:** Regularly updated and maintained websites to keep them current and functional.
 - **Bug Fixes:** Identified and resolved bugs to enhance website stability and performance.
 - **Feature Enhancements:** Added new features to existing websites based on client requirements.
- **Performance Optimization:** Ensured websites load quickly and perform well on all devices through effective optimization techniques.
- **Continuous Learning:** Proactively expanded skills and knowledge through self-directed learning, keeping up-to-date with the latest web development trends and technologies.

TERRA LEARNING

August 2022 - September 2022

Frontend Development Bootcamp

- **Web Development and JavaScript Interactivity:** Learned HTML/CSS basics and responsive design with CSS Grid/Flexbox; added interactivity using JavaScript, including event listeners, DOM manipulation, animations, and API data fetching.

FREECODECAMP - Web Development Course

July 2022 - September 2022

- **JavaScript Fundamentals and Advanced Concepts:** Mastered variables, arrays, objects, loops, functions, DOM manipulation, Object Oriented Programming (OOP), Functional Programming, algorithmic thinking, local storage, and API integration.
